# MESSAGE FROM THE PRESIDENT

**There's no denying that 2020 and the global COVID-19 pandemic created a new world that changed the way we live, learn, and work.** This new world brought with it new sets of problems and unexpected challenges—particularly for survivors of domestic and sexual violence—and new ways of facing them. And we've seen many of these problems and challenges carry over into 2021, requiring us to remain adaptable and think creatively about ways we can support survivors in another year of continued uncertainty. The lingering pandemic continues to have a profound impact on the Mecklenburg County survivors that we serve. To meet the ever-evolving need for survivor resources in 2021, we've continued to adapt our programs and services:

- Our Victim Assistance Court Program has resumed court accompaniment services.
- We continue to operate the Clyde & Ethel Dickson Domestic Violence Shelter and utilize hotel rooms for families to ensure social distancing as well the health and safety of our clients.
- We partnered with a number of local agencies to open the Survivor Resource Center in February 2021. The referral-only center offers a short-term, small-scale solution to the disjointed, often complicated process victims face when they seek help. This center is a precursor to the highly anticipated Mecklenburg County Family Justice Center to be named The Umbrella Center.

As the pandemic persists and new challenges arise, I'm inspired by the dedication of our staff, who continue to help survivors face their trauma, reclaim their independence, and begin moving forward. Safe Alliance will not waver in its mission: to bring hope and healing to those impacted by domestic violence and sexual assault.
